About me

I'm a graphic & web designer from Montenegro with a large experience in creating brandings, print, social media materials and web designs. Always ready appropriate new knowledges and learn new programs. I worked in a few agencies and as a freelancer for a long time. I decided to knock on a door of more eminent agenices.

Work and Experience

Upwork Freelancing Career

2017 ~

Worked on their social media designs. Created a logos, flyers, menus, banners for the clients.

Caspian Services

Other

I learn every day. I'm daily improving my design skills in all types of design. You can send me a test project from any category of graphic design and web design. I have experience in each category, in some greater, in some less.

I'm a creative person and have lots of hobbies: photography, drawing, painting, and wood-carving. Also, I'm good at typography creating.
